

# *This is Me!*

We invite you to complete this booklet with your child to introduce us to them as they begin their preschool journey.

## Help your child to tell us about themselves:

At our early childhood education setting we would love for you and your child to share some information with us so that we can begin to develop an understanding of your unique child and their lives.

We would be grateful if you could complete this activity with your child so that they are involved and can participate in the process of beginning their preschool journey and the transition from your home to our setting.

There are no right or wrong answers, we would appreciate if you would **write down your child's answers exactly as they give them to you**, in their own words, so that we get an authentic insight into their lives and personalities as told by them.

Once complete, please return to us.

Also, please include a **picture of your family** for us to display on our family wall, this will help your child to settle in. Thank you.
